

Working safely in dangerous and harsh environments

The BCom Rough Pro SA-TB16 equals top performance in the toughest conditions. It's a rugged tablet on the outside and a real pro on the inside, thanks to its technological versatility: Dual SIM Quad Band, seamless data exchange, Bluetooth and more.

Waterproof

Humidity can't really bother the BCom Rough Pro SA-TB16. It's a waterproof tablet that can be immersed in water at 1.2 meters depth, even for 40 minutes. This opens numerous possibilities in the maritime world, or in healthcare workplaces where disinfection is needed.

Rugged & shockproof

The BCom Rough Pro is the most rugged tablet on the block. It even lives up to US military standards, being MIL-STD-810G certified. Needless to say that it can resist shocks in an unrivalled manner. It's the right tool to use in transport, construction, logistics or for military activities.

Stay Connected

Smart roaming is possible thanks to BCom Rough Pro's Dual SIM Quad Band. Voice and data connections run flawlessly at the same time. Data traffic can be managed via mobile networks or WIFI. And thanks to Bluetooth connectivity, extra solutions become reality: LEL meter, helmet communication and more. Bottom line: BCom Rough Pro ensures you're connected – always and everywhere.
